MAGARINE PRODUCTION

December 1939

United States production of margarine during December 1939, according to reports of manufacturers to the Agricultural Marketing Service, totaled 25,504,000 pounds. This quantity is 4,775,000 pounds less than that manufactured during December 1938 and 8,799,000 pounds less than the 5-year (1934-38) average for December.

Of the total quantity of product manufactured during the month 2,673,000 pounds or 10.5 percent consisted of animal and vegetable oils and 22,831,000 pounds or 89.5 percent, vegetable and nut oils.
